### About This Game

An exciting adventure of a brave girl who found herself in a fantasy world. She has to find a way to stop the cursed beasts awakened after sleeping for a thousand years and coming to life for reasons unknown.

Lost Lands: the Golden Curse is an adventurous hidden object game-quest with puzzles and mini-games scattered through the boundless spaces of the fantasy world – from the volcano valleys to the Druid forest, from the deep caves to the floating islands.

One fine day an ordinary good-looking housewife, Susan, while visiting the museum of arts drops by an old looking glass which, for whatever reason, starts to beckon her up. When she touched the looking-glass, Susan was immediately transported into a magical fantasy world of the Lost Lands. She has been known for her heroic deeds as Susan the Warrior there. Susan meets a child named Fiora, and the girl takes Susan to her great-grandfather, Maaron. Susan recognizes the Druid as an old acquaintance. Maaron explains that the village was attacked by a Harpy, the legendary winged beast. The strangest thing is that the demon has been a stone statue in the abandoned old fort for thousands of years.

Along with her friends Susan is ready to set forth into a volcano, go to a dungeon and climb floating islands to find out the reason why the Harpy, Naga, the Minotaur and Solidus, one after another, began coming to life from the stone prison and causing chaos in the Lost Lands. Naturally, the creatures must be stopped...

It's not too straight forward so you have some searching to do. What I personally appreciate is that you keep some things (like a knife) and use them more often instead of throwing it away after one use and trying to find one again just two minutes later. I had fun playing the game.. awesome game my kid loves it!! Mini games are fun. Great game of this genre. I haven't played point and click for ages and have forgotten how much fun it is. Puzzles are really good too.. great strategy game.. Third in the series, you, the Chosen One are called to the Lost Lands once more. This time to figure out how a harpy broke free of her petrified form. Oh, and you are also told to not touch the gold as it is cursed... maybe the two are related?

An exciting plot, fun HO scenes, and challenging minigames await. Get in the bundle.. awesome game my kid loves it!!

I want to mentioned that audio for the game is well done. Even though the audio is somewhat simplistic and repetitive. The audio can be adjusted in the game's option menu as well.

The notebook keeps tracks of progression in the game. Such as story events and clues.

Final thoughts: I have found the developer's method of advertising their other games is unappealing. The advertisement pops up in the beginning before the actually game loads. They have already advertised their other games under 'More Games' section.

Other than that I have found the game enjoyable to a certain extent. The replay value for the game is low. I would recommend this game, but not at the game's full price value.. Beautiful scenery, some interesting puzzles. Otherwise, pretty typical HO adventure game.. great interaction with story ,makes me think. Well worth the money-Recommend it to my friends. very good game. Excellent game. There was a lot more back-and-forth travel than the first two games, but I never transport using the map, so this may only interest people who don't use the map for quick transport. I LOVE the ratio of puzzles to hidden object scenes. I like hidden object puzzles, but not every other scene, like in Stolen Runes Portal of Evil. The plot was not predictabe or boring, and the puzzles were challenging but doable. The graphics are incredible, as they have been in the last two games, and there are no missing sound bits nor misspelled subtitles/captions. I also really enjoy the change of scenery; I know this may sound obvious but some games have the entire map open to you from the beginning of the game, but in this trilogy, you have to discover each place, which I prefer. Overall a great game, you should definitely get it if you're a fan of the series (and if you're not!).. very good realy enjoyed plaly it. love it, great game 10/10
